Competency 1: MCH Knowledge Base/Public Health Context Implementation Strategies: Partners Wheel

Instructions: The graphic below represents the focus areas for the 15 National Performance Measures (NPMs) as developed by the [2015 MCH Block Grant Guidance](#).

Please identify and list current and potential partners in your state/community by NPM and domain on the following pages. These partners will be useful in implementing activities to address the NPMs.

Partners by National Performance Measures
